## Independent Auditor's Report

Board of Commissioners  
York Township  
Dallastown, Pennsylvania

### **Report on the Audit of the Financial Statements**

#### *Opinions*

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of York Township as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise York Township's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of York Township as of December 31, 2022, and the respective changes in financial position and cash flows thereof, where applicable, for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

#### *Basis for Opinions*

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of York Township and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about York Township's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantive doubt shortly thereafter.

## Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance, but is not absolute assurance; and therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of York Township's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about York Township's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control related matters that we identified during the audit.

## Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information and schedules of historical pension information be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquires of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion

or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise York Township's basic financial statements as a whole. The combining fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements of York Township. The combining fund financial statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

## MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) YEAR ENDED DECEMBER 31, 2022

### OVERVIEW OF THE FINANCIAL STATEMENTS

The Management's Discussion and Analysis of York Township's (the Township) financial performance provides a brief overview of the Township's financial activities for the year ended December 31, 2022. The Management's Discussion and Analysis is an element of the reporting model adopted by the Governmental Accounting Standard Board (GASB) in their Statement No. 34, *Basic Financial Statements*.

The accompanying financial statements for York Township for the year ended December 31, 2022 have been prepared in accordance with GASB standards and present both government-wide and fund level financial statements using both the accrual and modified accrual basis of accounting, as appropriate. The government-wide financial statements show financial information about the activities of the Township as a whole and provide a longer-term view of the Township's finances. The statement of net position and the statement of activities provide this information. These statements distinguish between those activities of the Township that are governmental and those that are considered business-type activities. These statements are prepared using the accrual basis of accounting. All assets and liabilities of the Township are included in these statements, and all of the current year's revenues and expenses are taken into consideration regardless of when cash is received or paid. This method of financial presentation is similar to the accounting used by most private-sector companies. Fund financial statements show how the Township finances its services in the short-term, as well as what remains for future spending. Fund financial statements provide separate information for the Township's most significant funds, and nonmajor funds are aggregated and presented together. The modified accrual method of accounting is used in the governmental fund financial statements. This method measures cash and all other financial assets that can be readily converted to cash. In the financial statements, there are reconciliations which show the differences between the government-wide financial statements and the governmental fund financial statements. Lastly, a statement of fiduciary net position and statement of changes in fiduciary net position are provided which provide financial information about activities that the Township acts solely as a custodian for the benefit of others. These activities are excluded from the other financial statements of the Township because these assets cannot be used to finance the Township's operations.

## *YORK TOWNSHIP*

### MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) (CONTINUED) YEAR ENDED DECEMBER 31, 2022

#### FINANCIAL HIGHLIGHTS

- The Township's net pension liability at December 31, 2022 is \$2,796,727. The Township also reports a \$2,885,903 deferred outflow of resources, which represents changes in assumptions as of December 31, 2022. In addition, the Township reports a \$411,954 deferred inflow of resources related to the pension plan, which represents the difference between the projected and actual earnings on pension plan investments and the difference between the projected and actual experience as of December 31, 2022.
- The Township's net position is stated at \$117,179,279 as of December 31, 2022. Net position increased by 3% over 2021.
- The expenditures of all the Township's programs totaled \$21,832,751 compared to \$20,316,720 in 2021.
- During the year, the Township's expenditures from governmental activities totaled \$14,233,013 and were offset by program revenues of \$3,833,183 and general revenues of \$12,481,093, generating a change in net position of \$2,081,263. Expenses from business-type activities totaled \$7,608,724 and were offset by program revenues of \$8,916,152, with general revenues being a loss of \$(157,791), generating a change in net position of \$1,149,637. This combined to a total government-wide change in net position of \$3,230,900 for 2022.
- In the beginning of 2020, the Township made the decision to expand their services, by building a sanitary sewer building and upgrading the fuel island on the Municipal Campus. The fuel island was completed and operational by the end of the year. The sewer building was also completed during 2022.
- In 2021, the Township purchased 65 acres at 155 Oak Road for the future growth of the Township services, including, but not limited to, recreation, public works and administration in the amount of \$2,065,000.
- In 2021, the Township was awarded \$3,010,914 in grant monies through the American Rescue Recovery Act (ARPA). Half of the funds awarded were received in 2021 and the remaining were received in 2022. All funds must be utilized by the end of December 31, 2024. The Township expended \$726,366 of ARPA funds in 2022 to offset the increase in police costs.

Sewer funds			7,608,724	7,352,569	7,608,724	7,352,569
<b>Total expenses</b>	<b>14,233,013</b>	<b>12,964,151</b>	<b>7,608,724</b>	<b>7,352,569</b>	<b>21,841,737</b>	<b>20,316,720</b>
<b>Increase in net position</b>	<b>\$ 2,081,263</b>	<b>\$ 3,153,745</b>	<b>\$ 1,149,637</b>	<b>\$ 1,445,416</b>	<b>\$ 3,230,900</b>	<b>\$ 4,599,161</b>

Programs generated revenues of \$12,749,335 and general revenues of \$12,323,302, which offset the total cost of services of \$21,841,737, resulting in an increase in net position of \$3,230,900. The additional revenue used to provide the Township services was generated from taxes, investment earnings and other revenue sources, which were not restricted for specific programs. Overall, the Township taxpayers, through taxes, provided 49% of the Township's support for the year ended December 31, 2022. This is a 2% increase from 2021.

## *YORK TOWNSHIP*

### MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) (CONTINUED) YEAR ENDED DECEMBER 31, 2022

#### **Fund financial statements**

The fund financial statements provide detailed information about the major individual funds. A fund is a fiscal and accounting entity with a self-balancing set of accounts that the Township uses to keep track of specific sources of funding and spending for a particular purpose. In addition to the major funds, the information for the nonmajor funds is summarized in the financial statements. The Township's funds are divided into three categories - governmental, proprietary and fiduciary - and use different accounting approaches.

- Governmental funds - Most of the Township's basic services are reported in the governmental funds, which focus on how money flows into and out of those funds and the balances left at year end that are available for future spending. The governmental fund financial statements provide a detailed short-term view of the Township's general government operations and the basic services it provides. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the Township's programs. These funds are reported using modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. Governmental funds include the General Fund, which is the principal operating fund of the Township; the Capital Projects Funds, which are used for major capital purchases, renovations and construction projects of the Township's General Fund; and Special Revenue funds.
- Proprietary funds - When the Township charges customers for the services it provides, whether to outside customers or to other municipalities, these services are generally reported in proprietary funds. Proprietary funds utilize accrual accounting, the same method used by private sector businesses. Proprietary funds report activities that provide supplies and services to the general public. An example is the Sewer Fund, which provides sewer services to the residents for a fee.
- Fiduciary funds - The Township acts as a trustee or fiduciary for its employees' pension plan. It is also responsible for other assets that can only be used for specific purposes. The Township's fiduciary activities are reported in separate statements of fiduciary net position and changes in fiduciary net position. These funds, which include the nonuniform pension trust fund, are reported using accrual accounting. The government-wide statements exclude fiduciary fund activities and balances because these assets are restricted in purpose and do not represent discretionary assets of the Township to finance its operations.

## **YORK TOWNSHIP**

### MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) (CONTINUED) YEAR ENDED DECEMBER 31, 2022

#### *Governmental funds*

As stated earlier, fund financial statements provide the reader with an understanding of how the Township finances its services in the short term and what funds are available for future spending. The Township continues to maintain a healthy fund balance in the General Fund. As of December 31, 2022 the General Fund's fund balance was \$17,283,068 an increase of 20% over last year. The \$17,283,068 General Fund's fund balance as of December 31, 2022 is comprised of \$38,191 in non-spendable funds; \$2,500,000 in committed funds; \$1,248,239 in assigned funds and \$13,496,638 in unassigned funds.

The Capital Projects Funds' committed and restricted fund balances remain healthy, ending 2022 at \$3,124,676 for Capital Reserve; \$900,899 for Recreation Capital and \$1,118,315 for Storm Water Management for a total Capital Projects Funds' fund balance of \$5,143,890. The Township has earmarked these funds for on-going major purchases and renovations, as well as infrastructure improvements, and they are replenished each year with budgeted operating transfers from the General Fund to the Capital Reserve Funds and fee assessments for both the Storm Water Management and Recreation Capital Reserve Funds.

#### *Proprietary funds*

The Sewer Fund, the Township's primary proprietary fund, showed a \$1,773,505 change in net position for 2022 and ended the year with a very healthy net position balance of \$52,572,250, with cash and investments at \$12,058,525. The Sewer Capital Reserve Fund ended the year with a net position of \$8,300,090, with cash and investments at \$8,492,738.

#### *Fiduciary funds*

The Fiduciary Funds of the Township are presented separately in the statement of fiduciary net position because these funds are not used in the operation of the Township. However, the Township acts as the custodian of these funds. Included in the statement of fiduciary net position are the assets of the employee pension fund.

**YORK TOWNSHIP**

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) (CONTINUED)  
YEAR ENDED DECEMBER 31, 2022

**Capital assets**

At December 31, 2022, the Township had \$67,468,301 invested in a broad range of capital assets including infrastructure, land, buildings, furniture and equipment (a decrease of \$570,838 as compared to 2021). Below is a comparison of Township capital assets for the past two years.

	Capital Assets at Year-End			
	Governmental activities		Business-type activities	
	2022	2021	2022	2021
Land	\$ 6,309,893	\$ 6,309,893	\$ 578,399	\$ 578,399
Buildings	9,854,777	9,439,656	5,913,773	2,164,976
Storm water system	484,804	484,804		
Collection lines			6,128,950	5,923,612
Treatment plant/pump stations			3,828,224	2,848,479
Traffic lights	1,545,842	1,545,842		
Roads	17,737,180	16,603,580		
Signs	2,265	2,265		
Curbs/sidewalks	338,967	338,967		
Vehicles	3,051,727	3,015,234	1,263,223	1,263,223
Office furniture/equipment	866,094	850,295	208,712	199,152
Machinery and equipment	3,337,902	3,329,457	926,506	923,691
Infrastructure	35,403,471	35,403,471	39,393,992	39,393,992
Construction in process	274,425	660,269	1,954,358	5,359,503
<b>Totals</b>	<b>79,207,347</b>	<b>77,983,733</b>	<b>60,196,137</b>	<b>58,655,027</b>
Accumulated depreciation	(49,339,016)	(47,079,016)	(22,596,167)	(21,520,605)
<b>Net capital assets</b>	<b>\$ 29,868,331</b>	<b>\$ 30,904,717</b>	<b>\$ 37,599,970</b>	<b>\$ 37,134,422</b>

During the year 2022, the Township construction in process assets were lower than in 2021 due to the completion of the fuel station and sewer storage building on the Township campus. Also, the land acquisition and increase in roads contributed to the increase in assets over the prior year.

## ***YORK TOWNSHIP***

### MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) (CONTINUED) YEAR ENDED DECEMBER 31, 2022

#### **Debt administration**

As of December 31, 2022 and 2021, there were no bond issues outstanding for York Township. York Township guarantees payment of any notes or bonds issued by the York Township Water and Sewer Authority, a component unit of York Township. As of December 31, 2022 and 2021, there were no issues outstanding for the York Township Water and Sewer Authority.

#### **General fund budget highlights**

The Township adopts an annual budget for the General Fund. The budget includes all revenues and expenditures of this Fund. The budget acts as the financial operating plan for the fiscal year and is revised as necessary. The Board of Commissioners may amend the budget at any time during the fiscal year by making additional appropriations or increasing existing appropriations, but the funds must be provided from unexpended balances in existing appropriations, from unappropriated revenues or from unassigned fund balances.

The Township has adopted a conservative approach to budgeting. Revenues are projected conservatively based upon historical trends, and expenditures are generally budgeted on a "worst case" scenario. In 2022, the General Fund showed a net change in fund balance of \$2,905,865, which is a combination of the budgeted \$480,987 operational transfer to capital projects and a \$3,386,852 excess of revenues over expenditures in 2022. Revenues came in higher than the budget mainly due to increased tax revenues, as well as \$726,366 in ARPA funding recognized this year. Expenditures came in lower than anticipated for 2022 because of several factors. General government costs came in under budget because of conservative budgeting, a large healthcare rebate and staffing shortfalls. Highway expenditures came in under budget for 2022 mostly because less winter maintenance was needed for the Township roadways and some projects were put on hold in 2022. Culture and recreation expenditures were lower than expected because of a large healthcare rebate, staffing shortfalls and reduced maintenance costs.

#### **Requests for information**

This financial report is designed to provide a general overview of York Township's finances for all those with an interest in the government's finances. If you have any questions about this report or need additional information, contact York Township, 190 Oak Avenue, Dallastown, PA 17313 or (717) 741-3861.

Separately issued financial statements for York Township Water and Sewer Authority, a component unit of York Township, can be obtained by contacting the Township Office.

**YORK TOWNSHIP**

RECONCILIATION OF GOVERNMENTAL FUNDS BALANCE SHEET  
TO THE STATEMENT OF NET POSITION  
DECEMBER 31, 2022

<b>Total fund balances, governmental funds</b>		<b>\$ 26,525,207</b>
Amounts reported for governmental activities in the statement of net position are different because:		
Capital assets used in governmental activities are not financial resources and, therefore, are not reported as assets in governmental funds. The cost of assets is \$79,207,347, and the accumulated depreciation is \$49,339,016.		29,868,331
Property taxes receivable will be collected subsequent to year end, but are not available soon enough to pay for the current period's expenditures and, therefore, are unavailable in the funds.		38,593
Certain government-wide amounts are not included in the governmental funds because governmental funds use current financial resources:		
Net pension liability	\$ (2,073,853)	
Compensated absences	(239,096)	
	<u>(2,312,949)</u>	(2,312,949)
Deferred outflows and inflows of resources related to pensions are applicable to future periods and, therefore, are not reported in the funds.		
Deferred outflows of resources, pension		2,143,380
Deferred inflows of resources, pension		<u>(305,556)</u>
<b>Net position, governmental activities</b>		<b><u><u>\$ 55,957,006</u></u></b>

See notes to financial statements.

<b>Fund balances:</b>				
Beginning	14,377,203	4,953,298	3,726,805	23,057,306
<b>Ending</b>	<b>\$ 17,283,068</b>	<b>\$ 5,143,890</b>	<b>\$ 4,098,249</b>	<b>\$ 26,525,207</b>

See notes to financial statements.

**YORK TOWNSHIP**

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN  
FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES  
YEAR ENDED DECEMBER 31, 2022

**Total net change in fund balances, governmental funds** **\$ 3,467,901**

Amounts reported for governmental activities in the statement of activities are different because:

Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of these assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which depreciation expense exceeds capital outlays in the period.

Depreciation expense	\$(2,260,000)	
Capital outlays, net	<u>1,223,615</u>	
		(1,036,385)

Because some property taxes will not be collected for several months after the Township's year end, they are not considered as available revenues in the governmental funds. Unavailable tax revenue increased by this amount this year. (4,384)

Governmental funds report pension contributions as expenditures. However, in the statement of activities, the cost of pension benefits earned is reported as pension expense:

Township pension contributions	332,381
Costs of benefits earned	(645,812)

Changes in compensated absences are not recorded as expenditures in the governmental funds but are in the statement of activities. Compensated absences decreased by this amount this year. (32,438)

**Change in net position of governmental activities** **\$ 2,081,263**

# YORK TOWNSHIP

## NOTES TO FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2022

### 1. Organization and summary of significant accounting policies:

The financial statements of York Township (the Township) have been prepared in accordance with accounting principles generally accepted in the United States of America as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles.

#### *Principles determining scope of reporting entity:*

York Township operates as a first-class township under the laws governing municipalities in the Commonwealth of Pennsylvania. The Township operates under a Board of Commissioners form of government and provides services as authorized by statute: General Government, Public Safety (Police and Fire), Public Works (Highway and Sanitation), Culture and Recreation, Planning and Zoning and other services as required. The Township includes the component unit discussed below in the Township's reporting entity.

#### *Reporting entity:*

The Township defines its reporting entity based upon the criteria established by the Governmental Accounting Standards Board. The Township includes in its reporting entity organizations for which it is financially accountable and other organizations for which the nature and significance of their relationship with the Township are such that exclusions would cause the reporting entity's financial statements to be misleading or incomplete.

The definition of reporting entity is based primarily on the notion of financial accountability. The Township is financially accountable to an organization if it appoints a voting majority of an organization's governing body and either it is able to impose its will on that organization or there is a potential for the organization to provide specific financial benefits to, or to impose specific financial burdens on, the Township. The Township would also include any organization fiscally dependent on it. The Township has included the component unit, York Township Water and Sewer Authority (the Authority).

#### *Blended component unit:*

The York Township Water and Sewer Authority is a municipal authority chartered under the Municipal Authorities Act of 1945, approved May 2, 1945, P.L. 382 as amended. The purpose of the Authority is to acquire, hold, construct and operate, or provide operations, of the municipal water and sewer systems for York Township. The Water and Sewer Authority has financed the sewer improvement projects of the Township through leasing arrangements. The Township guarantees the debt of York Township Water and Sewer Authority. The governing body of York Township Water and Sewer Authority is appointed by the Township Board of Commissioners.

## YORK TOWNSHIP

### NOTES TO FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2022

#### 1. Organization and summary of significant accounting policies (continued):

##### *Blended component unit:*

The separate audited financial statements of the York Township Water and Sewer Authority can be obtained from the Authority Board.

##### *Government-wide financial statements:*

The statement of net position and statement of activities display information about the reporting government as a whole. The statements include the primary government and its component units, except for the fiduciary funds. Governmental activities generally are financed through taxes, intergovernmental revenues and other nonexchange revenues. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services.

The statement of net position and statement of activities are prepared using the economic measurement focus and the accrual basis of accounting. This is the same approach used in the preparation of the proprietary fund financial statements, but differs from the manner in which governmental fund financial statements are prepared. Governmental fund financial statements, therefore, include reconciliations with brief explanations to better identify the relationship between the government-wide statements and the governmental fund financial statements.

##### *Program revenues, government-wide financial statements:*

The statement of activities reports two categories of program revenues: (a) charges for services and (b) program specific operating grants and contributions. Program revenues are derived directly from the program itself or from parties outside the reporting government's taxpayers or citizenry. As a whole, they reduce the net cost of the function to be financed from the government's general revenues.

##### *Policy for eliminating internal activity, government-wide financial statements:*

During the course of operations, numerous transactions occur between individual funds that may result in amounts owed between funds. In the process of aggregating data for the statement of net position, amounts reported as interfund balances in the individual funds are eliminated or reclassified. Eliminations are made in the statement of net position to minimize the "grossing-up" effect on assets and liabilities within the governmental and business-type activities columns of the primary government. As a result, amounts reported in the funds as interfund receivables and payables are eliminated in the governmental and business-type activities columns of the statement of net position, except for the net residual amounts due between governmental and business-type activities, which are presented as internal balances.

# YORK TOWNSHIP

## NOTES TO FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2022

### 1. Organization and summary of significant accounting policies (continued):

#### *Policy for capitalizing assets and estimating useful lives, government-wide financial statements:*

The Township reports capital assets at historical cost or estimated historical cost. Capital assets include land, improvements, easements, buildings, building improvements, vehicles, machinery, equipment, infrastructure and all other tangible or intangible assets that are used in operations and that have useful lives extending beyond a single reporting period. The Township's policy is to capitalize assets or groups of assets with costs in excess of \$10,000. Depreciation expense is calculated using the straight-line method over the estimated useful lives of capital assets ranging from 5 to 40 years.

#### *Policy regarding applying restricted or unrestricted resources:*

When both restricted and unrestricted resources are available for use, it is the Township's policy to use restricted resources first, then unrestricted resources as they are needed.

#### *Fund financial statements:*

The accounts of the Township are organized on the basis of funds or account groups, each of which is considered to be a separate accounting entity. The operations of each fund or account group are summarized by providing a separate set of self-balancing accounts which includes its assets, liabilities, deferred inflows of resources, fund balance or net position, revenues and expenses or expenditures. The following funds are used by the Township.

#### Governmental funds:

**General Fund** – The General Fund is the general operating fund of the Township. All financial resources, except those required to be accounted for in another fund, are accounted for in the General Fund. The Emergency Management Fund (EMA) is included in the General Fund; however, it was assigned a separate fund number for internal tracking purposes only.

**Special Revenue Funds** – The Special Revenue Funds account for revenues that are legally restricted to expenditures for specific purposes. The Special Revenue Funds are the liquid fuels fund, street lighting tax fund and impact fees.

**Capital Projects Funds** – The Capital Projects Funds account for financial resources to be used for the acquisition of major facilities which are not financed by proprietary and trust and agency funds. The Capital Projects Funds are the Recreation Capital Reserve Fund, Storm Water Management Fund and Capital Reserve Fund.

## YORK TOWNSHIP

### NOTES TO FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2022

#### 1. Organization and summary of significant accounting policies (continued):

##### *Fund financial statements:*

##### Proprietary funds:

**Enterprise Funds** – The enterprise funds are to account for operations that are financed and operated in a manner similar to private business enterprises where the cost (expenses, including depreciation) is financed through user charges. The Enterprise Funds include the York Township Water and Sewer Authority and the Sewer Fund, Intermunicipal Sewer Fund and Sewer Capital Reserve Fund.

##### Fiduciary funds:

The fiduciary funds account for assets held by the Township in a trustee capacity or as a custodian. Pension trust funds use the economic resources measurement focus in essentially the same manner as proprietary funds. Custodial funds are custodial in nature and do not involve measurement of results of operations. The Nonuniform Pension Fund is a pension trust fund. The Township does not have any custodial funds.

##### *Measurement focus/basis of accounting:*

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements, regardless of the measurement focus.

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All governmental funds of the Township are accounted for using a current financial resources measurement focus. Accordingly, only current assets, current liabilities and deferred inflows of resources are included on the balance sheet, and the fund balances reflect spendable or appropriable resources. The operating statements of these funds reflect increases (i.e., revenues and other financing sources) and decreases (i.e., expenditures and other financing uses) in net current assets.

The proprietary funds are accounted for on a flow of economic resources measurement focus. All assets and liabilities (current or noncurrent) associated with the operation of the funds are included on the statement of net position. The proprietary fund operating statement presents increases (e.g., revenues) and decreases (e.g., expenses) in total net position.

The Township defines proprietary funds operating revenues based on how the individual transaction would be categorized for purposes of preparing the statement of cash flows. Transactions for which cash flows are reported as capital and related financing activities, noncapital finance activities or investing activities would normally not be reported as operating revenues.

## YORK TOWNSHIP

### NOTES TO FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2022

#### 1. Organization and summary of significant accounting policies (continued):

##### *Modified accrual basis:*

The modified accrual basis of accounting is followed for all governmental funds of the Township. Under the modified accrual basis of accounting, expenditures (other than interest and principal payments on long-term debt which are recorded on their payment dates) are recorded when the fund liability is incurred. Revenues are recognized when they become susceptible to accrual, i.e., measurable and available to finance the Township's operations. Available means collectible within 60 days after fiscal year end. The modified accrual basis of accounting is used as follows:

##### Property taxes:

**Current revenue** – These are taxes levied as of a specific date with a legal, enforceable claim against the taxpayer and/or property. These taxes are recognizable as current revenue when received by the Township during the fiscal year and also estimated to be received by the Township within 60 days after the close of the fiscal year.

**Revenue received in advance, taxes** – Currently levied property taxes which are not estimated to be received by the Township within 60 days after the close of the current fiscal year are recorded as deferred inflows of resources - unavailable revenue.

**Doubtful** – An allowance for doubtful accounts is not required for property taxes due to a lien placed on delinquent properties. Upon sale, the lien would be satisfied and the Township would receive levied taxes.

##### *Revenue from state sources:*

State subsidies due the Township as current fiscal year entitlements are recognized as revenue in the current fiscal year even though such funds may be received in a subsequent fiscal year.

##### *Revenue from federal sources:*

Federal program funds applicable to expenditures for the same program in the current fiscal year, but expected to be received in the next fiscal year, are accrued as current revenue at the end of the current fiscal year along with the recognition of the federal funds receivable. Likewise, any excess of revenues at the fiscal year end over the program expenditures are recorded as unearned revenue.

##### *Accrual basis:*

Under the accrual basis of accounting, revenues are recognized in the accounting period they are earned and become measurable; expenses are recognized in the period incurred. The accrual basis of accounting is used for the proprietary funds and Pension Trust Fund.

## YORK TOWNSHIP

### NOTES TO FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2022

#### 1. Organization and summary of significant accounting policies (continued):

##### *Interfund transactions:*

During the course of normal operations, the Township has numerous transactions between funds, including expenditures and transfers of resources to provide services.

##### *Cash and cash equivalents:*

For the purpose of the statement of cash flows, the proprietary funds consider all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

##### *Investments:*

Investments are stated at fair value. Fair values for the mutual funds are measured by quoted prices in an active market. Fair values for the money market funds are principal values, and fair value for the government pool is based upon quoted market prices for investments held by the pool. The fair value for the bonds are measured by other significant observable inputs. The change in fair value of the investments is reflected as unrealized gains (losses) and is included as a component of investment income.

##### *Budgets:*

Prior to December 31, 2021, in accordance with the laws of the Commonwealth, the 2022 annual budget was presented to the York Township Commissioners. The budget was enacted on December 14, 2021. All unused budget appropriations lapse at year end.

##### *Deferred outflows of resources:*

The statement of net position reports a separate section for deferred outflows of resources, which represents a consumption of net position or fund balance that applies to future periods, and thus, will not be recognized as an outflow of resources (expense/expenditure) until then. The Township has one item that qualifies for this reporting:

Deferred outflows of resources related to the pension plan represent a change of assumptions, amortized over a closed period using the average of the expected remaining service lives of all active and inactive employees that are provided pensions through the plan, including the current year and the net difference between the projected and actual earnings on pension plan investments amortized over a five-year period, including the current year.

## YORK TOWNSHIP

### NOTES TO FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2022

#### 1. Organization and summary of significant accounting policies (continued):

##### *Deferred inflows of resources:*

The statement of net position reports a separate section for deferred inflows of resources, which represents the acquisition of net position or fund balance that applies to future periods, and thus, will not be recognized as an inflow of resources until then. The Township has two items that qualify for this reporting:

Deferred inflows of resources related to the pension represent the difference in projected and actual experience, amortized over a closed period using the average of the expected remaining service lives of all active and inactive employees that are provided pensions through the plan, including the current year and the net difference between the projected and actual earnings on pension plan investments amortized over a five-year period, including the current year.

Deferred inflows of resources, unavailable revenue represents unavailable tax revenue and is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenue from property taxes. This amount is deferred and recognized as an inflow of resources in the period that the amount becomes available.

##### *Fund balance classification:*

The Township follows GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*. This Statement provides more clearly defined fund balance categories to make the nature and extent of the constraints placed on a government's fund balances more transparent. The following classifications describe the relative strength of the spending constraints:

- **Nonspendable:** This classification includes amounts that are not in spendable form (such as inventory, prepaid expenses or amounts that are required to be maintained intact).
- **Restricted:** This classification includes amounts constrained to specific purposes by their providers (such as grantors and bondholders) and higher levels of government through constitutional provisions or by enabling legislation.
- **Committed:** This classification includes amounts constrained to specific purposes by the Township itself, using its highest level of decision-making authority (Board of Commissioners). When reported as committed, amounts cannot be used for any other purpose unless the Township takes the same highest level action to remove or change the constraint.
- **Assigned:** This classification includes amounts the Township intends to use for a specific purpose. Intent can be expressed by the Board of Commissioners or by an official or body to which the Township Board of Commissioners delegates the authority.
- **Unassigned:** This classification includes amounts that are available for any purpose.

## *YORK TOWNSHIP*

### NOTES TO FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2022

#### 1. Organization and summary of significant accounting policies (continued):

##### *Fund balance classification:*

Restricted funds are used first as appropriate. Assigned funds are reduced to the extent that expenditure authority has been budgeted by the board or the assignment has been changed by the board. Decreases to fund balance first reduce committed fund balance. In the event that committed fund balance becomes zero, then assigned and unassigned fund balances are used in that order.

##### *Capital assets, fund financial statements:*

Under the Township's method of accounting, capital assets are recorded as expenditures at the time of purchase in the governmental funds. Accordingly, no depreciation has been provided on fixed assets in those funds. Proprietary fund capital assets are recorded at cost. Depreciation is provided for on a straight-line basis over periods ranging from 5 to 40 years.

##### *Total columns:*

Total columns on the combined statements are presented only to facilitate financial analysis. Data in these columns does not present financial position, results of operations or changes in financial position in accordance with generally accepted accounting principles. Neither is such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

##### *Estimates:*

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

The most sensitive accounting estimates affecting the financial statements are:

- Pension obligations based on life expectancy tables and asset rate of return discount rates, along with rates of benefit increases.
- Estimated useful lives over which to depreciate capital assets.
- Allocation of program revenues and depreciation expense to the various functions in the statement of activities.

## YORK TOWNSHIP

### NOTES TO FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2022

#### 1. Organization and summary of significant accounting policies (continued):

##### *Long-term liabilities:*

All long-term liabilities to be repaid from governmental resources are reported as liabilities in the government-wide statements. The long-term liabilities consist primarily of accrued compensated absences and net pension liability.

##### *Net position classifications:*

Government-wide statements - Equity is classified as net position and displayed in three components:

- Investment in capital assets - Consists of capital assets net of accumulated depreciation.
- Restricted net position - Consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors or laws or regulations of other governments or (2) law through constitutional provisions or enabling legislation.
- Unrestricted net position - All other net position that does not meet the definition of "restricted" or "investment in capital assets."

##### *Pending Government Accounting Standards Board (GASB) statements:*

In March 2020, the GASB issued Statement No. 93, *Replacement of Interbank Offered Rates*. This Statement is to address accounting and financial reporting implications that result from the replacement of an interbank offered rate (IBOR). The removal of London Interbank Offered Rate (LIBOR) as an appropriate benchmark interest rate is effective for the Township's December 31, 2022 financial statements. All other requirements of the Statement are effective for the Township's December 31, 2023 financial statements.

In January 2020, the GASB issued Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements*. This Statement is to improve financial reporting by addressing issues related to public-private and public-public partnerships arrangements (PPPs). The provisions of GASB Statement No. 94 are effective for the Township's December 31, 2023 financial statements.

In May 2020, the GASB issued Statement No. 96, *Subscription-Based Information Technology Arrangements*. This Statement provides guidance on the accounting and financial reporting for subscription-based information technology arrangements for government end users. The provisions of GASB Statement No. 96 are effective for the Township's December 31, 2023 financial statements.

# YORK TOWNSHIP

## NOTES TO FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2022

### 1. Organization and summary of significant accounting policies (continued):

*Pending Government Accounting Standards Board (GASB) statements:*

In June 2022, the GASB issued Statement No. 100, *Accounting Changes and Error Corrections – an Amendment of GASB Statement No. 62*. This Statement is to enhance accounting and financial reporting requirements for accounting changes and error corrections to provide more understandable, reliable, relevant, consistent and comparable information for making decisions and assessing accountability. The provisions of GASB Statement No. 100 are effective for the Township's December 31, 2024 financial statements.

In June 2022, the GASB issued Statement No. 101, *Compensated Absences*. This Statement is to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. The provisions of GASB Statement No. 101 are effective for the Township's December 31, 2024 financial statements.

The effect of implementation of these statements on future periods has not yet been determined.

### 2. Deposits and investments:

Cash includes amounts in demand deposits and certificates of deposit that mature within three months of the purchase date. The Township is authorized under the First-Class Township Code to invest in the following:

1. United States treasury bills and short-term obligations of the U.S. government or its agencies or instrumentalities,
2. Obligations of the United States of America and the Commonwealth of Pennsylvania, or any of their agencies or instrumentalities, which are backed by the full faith and credit of said government,
3. Savings accounts, time deposits and certificates of deposit, pursuant to certain insurance and collateral requirements,
4. Shares of qualifying registered investment companies and
5. Any investment authorized by PA C.S. Ch. 73, (relating to fiduciaries investments) shall be an authorized investment for any pension or retirement fund.

**YORK TOWNSHIP**

NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED DECEMBER 31, 2022

**2. Deposits and investments (continued):**

*Custodial credit risk, deposits and investments:*

For deposits, custodial credit risk is the risk that, in the event of a bank failure, the Township's deposits may not be returned to it. For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the Township will not be able to recover the value of its investments or collateral security that are in the possession of an outside party. The Township has a policy for managing custodial credit risk.

*Reconciliation to financial statements:*

Covered by Federal Depository Insurance Corporation (FDIC)	\$ 383,824
Collateral held by the pledging bank under Act 72	33,378,862
Outstanding checks	<u>(84,792)</u>
Carrying amount, bank balances	33,677,894
Petty cash	<u>746</u>
Total cash and cash equivalents per financial statements	<u><u>\$ 33,678,640</u></u>
Reconciliation to financial statements:	
Governmental funds:	
Unrestricted	\$ 19,625,080
Restricted, cash held in escrow	433,814
Proprietary funds	<u>13,619,746</u>
Total cash and cash equivalents per financial statements	<u><u>\$ 33,678,640</u></u>

*Investments:*

Investments, other than certificates of deposits, are measured at fair value on a recurring basis. Recurring fair value measurements are those that GASB Statements require or permit in the statement of net position at the end of each reporting period. Fair value measurements are categorized based on valuation inputs used to measure an asset's fair value: Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs and Level 3 inputs are significant unobservable inputs.

**YORK TOWNSHIP**

NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED DECEMBER 31, 2022

## YORK TOWNSHIP

### NOTES TO FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2022

#### 2. Deposits and investments (continued):

##### *Investments:*

At December 31, 2022, the Nonuniform Pension Plan investments that exceeded 5% of total net assets include the following:

Large U.S. equity:	
Principal Global Investors, Equity Income Separate Account	\$ 1,584,444
Principal Global Investors, Large Cap S&P 500 Index	682,309
T. Rowe Price/Brown Advisory, Large Cap Growth Separate Account	1,510,030
International equity:	
Principal Global Investors, Diversified International Separate Account	962,098
Fixed income:	
Principal Global Investors, Bond Market Index Separate Account	759,028
Principal Global Investors, Core Fixed Income Separate Account	3,270,443
Principal Real Estate Investors, U.S. Property Separate Account	935,514

##### *Interest rate risk:*

The Township has a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

##### *Credit risk:*

The Township has an investment policy that limits its investment choices to certain credit ratings.

##### *Concentrations:*

The Township's policy is to maintain a diversified portfolio to minimize the risk of loss resulting from over concentration of assets in a specific maturity.

#### 3. Property taxes:

Property taxes are assessed and collected each fiscal year according to the following property tax calendar:

Lien date	January 1
Discount dates	February 16 - April 15
Face amount dates	April 16 - June 15
Delinquent dates	June 16 - December 31

**YORK TOWNSHIP**

NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED DECEMBER 31, 2022

**3. Property taxes (continued):**

Real estate taxes were 1.24 mils for general purposes and 0.37 mils for fire tax in 2022. Property taxes attach as an enforceable lien on property, as of the date of the tax notice. Delinquent taxes for balance sheet purposes are considered fully collectible, and therefore, no allowance of uncollectible taxes is provided.

**4. Capital assets, governmental activities:**

A summary of governmental activities' capital assets transactions for the year ended December 31, 2022, was as follows:

	Beginning balance	Additions	Transfers / deletions	Ending balance
Governmental activities:				
Land	\$ 6,309,893			\$ 6,309,893
Buildings	9,439,656	\$ 12,600	\$ 402,521	9,854,777
Construction in progress	660,269	233,126	(618,970)	274,425

**6. Compensated absences:**

Employees are allowed to carry over a maximum of 80 hours of unused vacation time, unless the Board of Commissioners approves the carryover of additional time due to circumstances. Upon separation from service, employees are eligible to receive any unpaid vacation pay earned through the last day of work. As of December 31, 2022, the vacation leave liability totaled \$55,120.

**YORK TOWNSHIP**

NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED DECEMBER 31, 2022

**6. Compensated absences (continued):**

Employees are allowed to accumulate a maximum of 1,120 hours of sick leave. Upon retirement, if the employee has accumulated the maximum number of sick days, one-third of those days will be paid to the employee as a retirement benefit. As of December 31, 2022, the total sick time liability was \$227,025.

As of December 31, 2022, the liability for the accrued vacation and sick leave is \$282,145. The amount expected to be paid from current resources is not significant.

A summary of changes in compensated absences is as follows:

	Beginning January 1	Increase/ (decrease)	Balance December 31
Government-wide activities	\$ 206,658	\$ 32,438	\$ 239,096
Business-type activities	52,392	(9,343)	43,049
	\$ 259,050	\$ 23,095	\$ 282,145

**7. Nonuniform Pension Plan:**

*Description of plan:*

The York Township Nonuniform Pension Plan is a single-employer defined benefit pension plan controlled by the provisions of Ordinance No. 97-11. The plan is governed by the Board of Township Commissioners, which is responsible for the management of plan assets. The Board of Township Commissioners has delegated the authority to manage certain plan assets to Principal Financial Group. Payroll for nonuniform employees covered by the plan was \$2,365,234 of the Township's total 2022 payroll of \$2,657,566. There is no stand-alone financial report issued for this plan.

**YORK TOWNSHIP**

NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED DECEMBER 31, 2022

**7. Nonuniform Pension Plan (continued):**

*Description of plan:*

Plan membership:

As of December 31, 2022, the pension plan's membership consisted of:

Active employees	38
Retirees and beneficiaries currently receiving benefits	32
Terminated employees entitled to benefits but not yet receiving them	<u>19</u>
Total	<u>89</u>

A summary of employee eligibility requirements and benefits as of December 31, 2022 was as follows:

**Covered employees:**

All full-time nonuniformed employees

**Eligibility requirements:**

- Normal retirement – Attainment of age 60
- Early retirement – Attained age 50 and 10 years of vesting service
- Vesting – 100% vested after seven years of vesting service

**Retirement benefit:**

Two percent (2%) of average monthly pay multiplied by years of service. Average monthly pay is based upon the final 36 months of employment.

**Survivor benefit:**

Fifty percent (50%) of the participant's accrued benefit on date of death if seven years of vesting service.

**Disability benefit:**

Fifty percent (50%) of average monthly pay (minimum of \$20/month).

**YORK TOWNSHIP**

NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED DECEMBER 31, 2022

**7. Nonuniform Pension Plan (continued):**

*Description of plan:*

Plan membership:

**Member's contributions:**

Amount or rate – currently suspended  
Interest rate credited to members' contributions – 6.5%.

*Funding policy:*

Act 205:

On December 18, 1984, Act 205 was passed into law and is known as the "Municipal Pension Plan Funding Standard and Recovery Act" (the Act). The Act mandates actuarial funding standards, establishes a recovery program for financially distressed pension plans and provides for the distribution of the tax on the premiums of foreign fire insurance companies.

The Act requires minimum funding standards based on the most recent actuarial valuation report, including normal cost and administrative expense requirements and amortization of the unfunded actuarial accrued liability. For financially distressed pension plans, the Act provides for delayed implementation of these funding standards over either 10 or 15 years. In addition, supplemental state aid is available to all eligible municipalities and will be paid from the supplemental state assistance account.

Funding requirements:

Active members are not currently required to contribute to the plan.

The pension plan may receive an annual allocation from the General Municipal Pension System State Aid Program. The entire proceeds of the insurance premium tax on foreign casualty insurance companies and any investment income earned on those proceeds of the insurance premium tax on foreign fire insurance companies which represent the amount of the distributions applicable to paid firefighters, and any investment income earned on the amount of those distributions are specifically designated for municipal pension plans. Any remaining obligation with respect to the pension plan shall be paid by the municipality.

## YORK TOWNSHIP

### NOTES TO FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2022

#### 7. Nonuniform Pension Plan (continued):

*Funding policy:*

Investment policy:

The investment policy statement sets forth the investment objectives and guidelines that will be applied within the investment program to help ensure that the plan is managed in a manner consistent with the plan document and applicable statutory requirements.

The overall objective of this statement is to provide guidance for the investment of contributions and other plan assets and to help maintain adequate funding for plan liabilities. The primary investment objectives of the plan are as follows:

Return – Obtain a reasonable long-term return on assets consistent with the level of risk assumed. Specific return objectives include asset returns that track the growth of liabilities within a reasonable range and/or exceed the return of a plan specified benchmark index over a market cycle.

Cost – Seek to control the cost of funding the plan within prudent levels of risk through the investment of plan assets.

Diversifications – Provide diversification of assets in an effort to minimize the risk of large losses and maximize the investment return consistent with market and economic risk.

The investment adviser shall adopt and implement an asset allocation strategy that is based on several factors including:

- The projected liability stream of benefits and the costs of funding to both covered employees and employers;
- The plan's funding level;
- The sensitivity of plan liabilities to interest rate changes;
- The relationship between the current and projected assets of the plan and the projected future liability stream;
- Capital market assumptions;
- The perception of future economic conditions, including inflation and interest rate assumptions;
- The ability of the plan to withstand funding fluctuations.

**YORK TOWNSHIP**

NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED DECEMBER 31, 2022

**7. Nonuniform Pension Plan (continued):**

*Funding policy:*

Investment policy:

The asset allocation strategy shall identify target allocations to eligible asset classes and suitable ranges within each asset class:

	<u>Lower limit</u>	<u>Upper limit</u>	<u>Normal target range</u>
Fixed income	0%	100%	20% to 80%
Domestic equities	0%	100%	20% to 80%
International equities	0%	50%	0% to 25%
Real assets strategies	0%	15%	0% to 10%

The following asset classes are permitted for plan asset allocation strategies:

1. Stable value
2. Fixed income
3. Real assets
4. U.S. stock
5. Non-U.S. stock

Net pension liability:

The Township's net pension liability was measured as of December 31, 2022, and the total net pension liability was determined by rolling forward the amounts from an actuarial valuation as of January 1, 2021. No significant events or changes in assumptions occurred between the valuation date and the fiscal year end.

**YORK TOWNSHIP**

NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED DECEMBER 31, 2022

**7. Nonuniform Pension Plan (continued):**

*Funding policy:*

Actuarial assumptions:

The total pension liability in the January 1, 2021 actuarial valuation was determined using the following economic assumptions, applied to all periods included in the measurement:

- Inflation – 3.00%
- Salary increases – 4.75% (average, including inflation)
- Investment rate of return – 7.00% (including inflation)
- Postretirement cost of living increase – N/A

Mortality rates were based on the PubG-2010 mortality table, including rates for disabled retirees and contingent survivors. Incorporated into the table are rates projected generationally using Scale MP-2020 to reflect mortality improvement.

The following is a summary of the Nonuniformed Pension Plan’s net dollar-weighted rates of investment return on a market value basis for the two most recent available calendar years:

	<u>2022</u>	<u>2021</u>
Market value of assets	(14.70) %	11.56 %

**YORK TOWNSHIP**

NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED DECEMBER 31, 2022

**7. Nonuniform Pension Plan (continued):**

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best estimate ranges of expected future real rates of return (expected returns, net of inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

<u>Asset class</u>	<u>Target allocation</u>	<u>Long-term expected real rate of return</u>
Domestic equity	44%	5.50% - 7.50%
International equity	18%	4.50% - 6.50%
Fixed income	33%	1.00% - 3.00%
Real estate	5%	4.50% - 6.50%

*Discount rate:*

The discount rate used to measure the total pension liability was 7.00%. The pension plan's fiduciary net position is projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. The employer has always met the funding requirements of Pennsylvania Act 205 of 1984 (Act 205). Act 205 requires full funding of the entry age normal cost plus plan expenses, as well as amortization of the unfunded liability.

**YORK TOWNSHIP**

NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED DECEMBER 31, 2022

**7. Nonuniform Pension Plan (continued):**

Changes in the nonuniform net pension liability:

	Increase (decrease)		
	Total pension liability (a)	Plan fiduciary net position (b)	Net pension (asset) liability (a) - (b)
Balances at January 1, 2022	\$ 14,157,555	\$ 14,296,139	\$ (138,584)
Service cost	267,256		267,256
Interest cost	991,699		991,699
Contributions, employer		446,969	(446,969)
Net investment income		(2,117,876)	2,117,876
Benefit payments, including refund of member contributions	(515,352)	(515,352)	-
Administrative expense		(5,449)	5,449
Net changes	743,603	(2,191,708)	2,935,311
Balance at December 31, 2022	<u>\$ 14,901,158</u>	<u>\$ 12,104,431</u>	<u>\$ 2,796,727</u>

*Sensitivity of the nonuniform net pension liability to changes in the discount rate:*

The following presents the net pension liability of the plan, calculated using the discount rate of 7.00%, as well as what the plan's net pension liability would be if it were calculated using a discount rate that is 1.00% point lower or 1.00% point higher than the current rate:

	1% Decrease (6.00%)	Current discount rate (7.00%)	1% Increase (8.00%)
Plan's net pension (asset) liability	\$ 4,525,401	\$ 2,796,727	\$ 1,354,910

**YORK TOWNSHIP**

NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED DECEMBER 31, 2022

**7. Nonuniform Pension Plan (continued):**

*Pension expense and deferred outflows of resources and deferred inflows of resources related to pensions:*

For the year ended December 31, 2022, the Township recognized pension expense of \$868,456. At December 31, 2022, the Township reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred outflows of resources	Deferred inflows of resources
Difference between expected and actual experience		\$ 411,954
Change of assumptions	\$ 1,111,101	
Net difference between projected and actual earnings on pension plan investments	1,774,802	
Total	\$ 2,885,903	\$ 411,954

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended	Deferred outflows of resources	Deferred inflows of resources
2023	\$ 435,973	\$ 115,673
2024	599,307	72,433
2025	694,809	72,433
2026	800,741	72,433
2027	177,537	39,491
thereafter	177,536	39,491
	\$ 2,885,903	\$ 411,954

## *YORK TOWNSHIP*

### NOTES TO FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2022

#### **8. Defined contribution plan:**

On March 10, 1998, York Township adopted Resolution 98-5: *Postemployment Health Plan for Public Employees*.

This defined contribution plan (Internal Revenue Code Section 501(c)(9)) is intended to pay 50% of medical premiums, until Medicare eligibility, for the medical benefits of an employee and his or her spouse in situations where the employee retires prior to age 65. Also, the plan pays for prescribed medication, dental and vision coverage, until Medicare eligibility for the employee and the spouse.

#### *Eligibility:*

All nonuniform employees that are full-time employees of York Township are eligible. Participation begins on the first day of a calendar month following the later of (a) the date on which the employee becomes eligible or (b) the effective date of York Township's participation agreement.

#### *Contributions:*

##### Employer contributions:

York Township shall contribute to the plan on a periodic basis on behalf of each participant an amount equal to the amount specified in the employee handbook to fund a postemployment health plan reimbursement account(s) for unreimbursed qualifying medical care expenses and/or healthcare insurance premium reimbursements. Employees are not required to contribute. York Township contributed \$100,863 in 2022.

##### Individual accounts for contributions:

The amount York Township contributes on the employees' behalf is placed in a trust maintained by the plan's trustee, LaSalle National Bank. The administrator maintains a separate subaccount for contributions made on the employees' behalf to reimburse qualified postemployment healthcare expenses. The account consists of employer contributions, investment returns and any forfeitures allocated. Accounts are charged for amounts reimbursed and plan administrative fees. Employees and their dependents may not receive reimbursements from the employee's account for any reason prior to the employee's separation of service from York Township.

## YORK TOWNSHIP

### NOTES TO FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2022

#### 8. Defined contribution plan (continued):

##### *Benefits:*

##### Postemployment health benefits:

Upon separation of service from York Township, employees have the right to seek reimbursement of out-of-pocket qualifying medical or healthcare expenses incurred by employees and their dependents after such termination. Benefit payments are limited to the amounts in a participant's account.

##### Postemployment health plan value:

The fair value of the assets of participating employee accounts at December 31, 2022 is \$1,271,824.

#### 9. Risk management:

The Township is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees and natural disasters. The Township maintains commercial insurance covering each of these risks of loss. Management believes such coverage is sufficient to preclude any significant uninsured losses to the Township. Settled claims have not exceeded this commercial coverage in any of the past three years.

In May 2005, the Township began participating in the Pennsylvania Municipal Health Insurance Cooperative (PMHIC). PMHIC is a public entity risk pool established by certain units of local government in Pennsylvania to provide health and welfare plan benefits directly to eligible employees, their families and dependents. The PMHIC receives, processes and pays such claims as may come within the benefit program of each member. Management consists of a Board of Directors comprised of one appointed representative from each member. The Township does not exercise any control over the activities of the PMHIC beyond its representation on the Board of Directors.

Under the trust plan, the Township pays reasonable and customary healthcare expenses. For the year ended December 31, 2022, the Township paid premiums of \$961,651. Actual claims paid for the year ended December 31, 2022 were \$1,231,497.

**YORK TOWNSHIP**

NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED DECEMBER 31, 2022

**10. Interfund activity:**

Individual fund receivable and payable balances consisted of the following:

Fund	Due from other funds	Due to other funds
General Fund		\$ 102,685
Intermunicipal Sewer Fund		484,700
Sewer Fund	\$ 811,711	
Sewer Capital Reserve Fund		192,648
Storm Water Management Fund		455
Capital Reserve Fund		29,076
Liquid Fuels Fund		2,147
Total	\$ 811,711	\$ 811,711

The amounts between the Sewer Fund and the Intermunicipal Sewer Fund represent the fourth quarter billing of the Mill Creek interceptor. The amounts between Sewer Capital Reserve Fund and Sewer Fund represent capital asset purchases that are payable at year end.

**11. Interfund transfers:**

Operating transfers in to/out of other funds consisted of the following:

Fund	Transfers in	Transfers out
General Fund		\$ 480,987
Capital Reserve Fund	\$ 480,760	
Sewer Fund	468,072	
Intermunicipal Sewer Fund		10,756
Sewer Capital Reserve Fund		457,089
Total	\$ 948,832	\$ 948,832

The General Fund and the Sewer Capital Reserve Fund made transfers for current and future capital projects identified and planned for in the five-year capital projects schedules.

## *YORK TOWNSHIP*

### NOTES TO FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2022

#### **12. Sewer Fund, intermunicipal deposits and long-term receivable:**

The Township has an agreement with Springettsbury Township for the processing of sewage waste which flows to their facility from the Township. Deposits are required by the Township and eight other municipalities that participate in the agreement to defer the cost of future capital improvements to the sewer system. As of December 31, 2022, the Township's portion of the deposits totaled approximately \$1,729,600.

The Township has an intermunicipal agreement with the City of York for the processing of sewage waste which flows to the York City Wastewater Treatment facility. Deposits are required by the Township and five other surrounding municipalities that participate in the agreement to pay for their pro-rata share of financed capital improvement costs to the wastewater treatment facility. The Township's pro-rata share is based on the Township's reserved capacity at the wastewater treatment facility. The Township also pays their pro-rata portion of transportation costs to the City of York, which is also stated within the intermunicipal agreement. The Township's pro-rata portion of the transportation costs are determined by the Township's flows into the wastewater treatment facility. These deposits are to be used for the operation and maintenance of the treatment system. This arrangement also includes reserve accounts for large maintenance projects. On April 14, 2022, the Pennsylvania Utility Commission approved the sale of the York City Wastewater Treatment Plant and Collection System to Pennsylvania American Water Company (PAWC.) As part of a settlement agreement, all agreements between the Township and the City of York (the City) were terminated, and the transportation funds held by the City on the Township's behalf were returned. Additionally, the City was required to post a \$2,000,000 bond for the benefit of the five connected municipalities, including York Township, to reconcile the City's Sewer audits through 2022. On July 1, 2022, PAWC took ownership and control of the City system and started billing the Township for transportation and treatment. Per the settlement agreement, the Township pays a flat rate per 1,000 gallons of flow. As of December 31, 2022, the Township's portion of the deposits totaled approximately \$410,600.

**YORK TOWNSHIP**

NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED DECEMBER 31, 2022

**12. Sewer Fund, intermunicipal deposits and long-term receivable (continued):**

Prior to 2018, the Township’s allocation of the debt service for the intermunicipal agreement with the City of York was based on its capacity percentage at the treatment plant which was 12.93%. The City of York billed each connected municipality twice per year for their share of the debt service. At a quarterly connected municipalities meeting in 2018, the members of the connected municipalities noticed that the City of York had made an error on its bills by using the operation and maintenance allocation percentage instead of the capacity allocation percentage. This billing error occurred on all debt service invoices from 2008 through 2017. The connected municipalities compiled all of the City of York invoices from 2008 through 2017 and determined the amounts each connected municipality should have paid from 2008 through 2017. York Township overpaid by \$537,086 over this time period. York Township formalized payment plan agreements with the connected municipalities who underpaid due to the error made by the City of York. During the year ended December 31, 2022, \$202,160 of the amounts due to York Township were received. As of December 31, 2022, \$334,926 of the receivable was remaining, with an expected payment schedule as follows:

<u>Year ending December 31</u>	<u>Amount</u>
2023	\$ 122,345
2024	105,915
2025	53,333
2026	53,333
	<u>\$ 334,926</u>

**13. American Rescue Plan:**

On March 11, 2021, the American Rescue Plan Act of 2021 (American Rescue Plan), a \$1.9 trillion COVID-19 relief package was signed into law. The American Rescue Plan provides additional relief to address the continued impact of COVID-19 on the economy, public health, state and local governments, individuals and businesses. The American Rescue Plan provides \$130 billion in emergency funding for local governments to enable them to continue to support the public health response and lay the foundation for a strong and equitable economic recovery. The Township was allocated \$3,010,914 in funding from the American Rescue Plan, which will be disbursed to the Township in two tranches of \$1,505,457 each. The Township will have until December 31, 2024 to spend these funds. Any funds not spent by December 31, 2024 are to be turned back over to the federal treasury.

The Township received the first tranche of \$1,505,457 during 2021 and the second tranche of \$1,510,217 during 2022, of which \$749,000 and \$726,366 was used to cover police costs for the years ended December 31, 2022 and 2021, respectively. As of December 31, 2022, the unused portion of \$1,540,308 was recorded as unearned revenue.

***YORK TOWNSHIP  
NONUNIFORM PENSION PLAN***

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION (UNAUDITED)  
YEAR ENDED DECEMBER 31, 2022  
(See independent auditor's report)

Actuarially determined contribution rates are calculated as of January 1, two to four years prior to the end of the financial year in which contributions are reported.

Methods and assumptions used to determine contribution rates:

Actuarial cost method:	Entry age normal
Amortization method:	Level dollar closed
Remaining amortization period:	Four years
Asset valuation method:	Market value of assets as determined by the trustee
Inflation:	3.00%
Salary increases:	4.75%
Investment rate of return:	7.00%
Retirement age:	Normal retirement age
Mortality:	PubG-2010 mortality table, including rates for disabled retirees and contingent survivors. Incorporated into the table are rates projected generationally using Scale MP-2020 to reflect mortality improvement.
Changes in benefit terms:	None since January 1, 2021
